Type: ROUTINE INSPECTION
Date: 04-OCT-2022

2.50(a)(1)

Time and method of identification.

There are approximately 60 young adult dogs (puppies older than 16 weeks of age) that are not officially identified. Proper identification of animals in the kennel allows for the required identification, tracking and movement of the animals. The licensee must officially identify all dogs over the age of 16 weeks with adult-type identification. Correct by 4 November 2022.

2.75(a)(1)

Repeat

Records: Dealers and exhibitors.

There are approximately 46 puppies that do not have inventory records for them. Complete and accurate inventory records of all puppies and adults in the kennel allow for their tracking and identification. The licensee must make, keep and maintain complete records for all puppies and adults in the kennel.

This inspection and exit interview were conducted with a facility representative.
