### 3.4(b)(3)

#### Outdoor housing facilities.

Four outdoor enclosures housing a total of 8 adult dogs had shelters that did not have wind/rain breaks at the entrance. Wind/rain breaks are necessary to protect the dogs from wind and to prevent the dogs from getting wet while in their shelters. The licensee must ensure that all shelters have a wind/rain break at the entrance at all times.

To be corrected by: 1 December 2023

This inspection and exit interview were conducted with a facility representative.
