Certificate:

Site: 001

Julie Purvis

Type: ROUTINE INSPECTION

Date: 17-OCT-2023

---

### 2.1(a)(1)

#### Requirements and application.

This person is operating as a B dealer without a valid USDA license. She has purchased at least 25 juvenile dogs from a licensed broker and arranged for their transportation and sold these dogs. During a conversation on the phone, she admitted that she purchased and transported the dogs. This person previously held a USDA license that was canceled Oct 5, 2017. A valid license is necessary to protect the health and well-being of the animals and to comply with the Animal Welfare Act and Regulations which include standards on transportation, medical care, housing, accurate information on acquisition and disposition. This also includes regular inspections to ensure compliance with the AWA. No regulated activities may be conducted until a USDA license/registration is obtained. Conducting regulated activities without a valid USDA license is noncompliant with the Animal Welfare Act.

An exit interview was conducted with the applicant over the phone on 18 October 2023 at approximately 4:30 pm.

This inspection and exit interview were conducted with a facility representative.
