#### 3.13(b)

##### Veterinary care for dogs.

The facility does not have a copy of the medical records for the fifteen dogs available for inspection. The records are currently being kept at another facility. Review of current medical records of dogs is required to verify routine preventative care for the dogs, annual exam findings and appropriate treatment of any medical conditions or injuries. The facility must keep copies of medical records for dogs and make them available for APHIS inspection. These records must include information required in section 3.13 such as vaccinations, medical treatments/procedures and any findings or test results.

Correct by 12/22/2023.

This inspection and exit interview were conducted with a facility representative.
