Type: ROUTINE INSPECTION
Date: 29-JAN-2024

2.50(a)(2)

Time and method of identification.

Two litters of weaned puppies do not have any form of official identification. Official identification allows for positive means of identifying individual animals as well as allows for the tracking of animals through the kennel. Weaned puppies must be identified by tags, tattoos, plastic-type collars or cage cards with the required information. Correct by 5 February 2024.

2.75(a)(1)

Records: Dealers and exhibitors.

Twenty puppies did not have any form of a written record of acquisition available during the inspection. Current and complete inventory records allows for the tracking of the movement of animals into and out of the kennel. All dogs (including puppies) must have required information recorded on USDA form 7005 or, in the case of puppies on cage cards. Correct by 5 February 2024.

This inspection and exit interview were conducted with a facility representative.
