Type: ROUTINE INSPECTION
Date: 14-MAY-2024

3.13(a)(3)

Veterinary care for dogs.

During inspection it was noted the the two bottles of Ivermectin in the refrigerator expired in 2022. There is also no records of when Ivermectin was giving this year. The schedule that is approved by the veterinarian in the PVC is that all adult dogs should receive monthly Ivermectin. At this time it must be concluded that either the schedule is not being followed or it is, expired medication was used.

Treatment of internal parasites, including heartworm, must be given in accordance with a schedule approved by the attending veterinarian.

Correction Date: May 24, 2024

This inspection and exit interview were conducted with a facility representative.
