#### 3.13(b)(3)

##### Veterinary care for dogs.

The facility does not have the date recorded for the administration of the rabies vaccine in six adult dogs. Failure to maintain records of vaccines and treatments administered to the dogs does not allow for APHIS officials to determine if the veterinarian approved vaccination schedule is being followed. Correct by ensuring that the names of all vaccines and treatments administered and the dates of administration are recorded.

This is a 1st Re-License Inspection for a Class "A" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by 19-July-2024 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
