#### Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 1:15-1:55pm on September 19, 2024. The inspector attempted to contact the licensee/registrant by knocking on the house door, honking the vehicle horn, calling the phone number 2 times with no response from the licensee. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
