2.134(a)

Contingency planning.

The licensee has not yet finished a contingency plan for the kennel. The facility must develop, document and follow a plan to provide humane handling, care transportation and treatment during an emergency or disaster. This plan is essential to be prepared for emergencies to ensure humane care of the animals at the kennel during unexpected events. Finish the contingency plan for the kennel.

3.13(b)(4)

Veterinary care for dogs.

Monthly preventive health checks completed by the licensee are not being documented. The yearly physical exam findings for all the dogs completed in April 2024 have not been recorded in each dogs' medical records. Medical records must include the results of these examinations. This information is essential for APHIS inspectors, the licensee and the attending veterinarian to evaluate the health of the dogs at the kennel. Ensure that medical records are complete and kept up to date. Record medical examination findings from the last veterinary physical exam findings for the dogs.
