Type: ROUTINE INSPECTION

Date: 27-AUG-2024

2.50(a)(1)

Time and method of identification.

No form of official identification was affixed to Gracie, a female miniature poodle born on 2/24/21. The inability of the licensee to readily and correctly identify dogs within the facility may lead to errors in tracing, treatment, or care of the dogs which could adversely impact the health or well-being of the dogs.

All live dogs on the premises above 16 weeks of age must be identified by one of the following: 1) an official tag of the type described in 2.51 affixed to the dog's neck by means of a collar, 2) a tattoo approved by the Administrator, or 3) a microchip.

To be corrected by 08/30/2024.

This inspection and exit interview were conducted with the licensee.
