2.75(a)(2)

Records: Dealers and exhibitors.

The licensee has 5 soft-coated Wheaton Terrier mix dogs in their kennel that are not listed on the Record of Acquisition and Dogs and Cats on Hand (APHIS Form 7005). The licensee was not sure of the dogs' age and could not produce any records for them at the time of inspection.

Accurate records of acquisition of dogs are important because they provide a record of movement of dogs between breeders and facilities and are crucial in tracking disease outbreaks and monitoring veterinary care and disease prevention in the kennel. Each dealer shall use Record of Acquisition and Dogs and Cats on Hand (APHIS Form 7005) to make, keep, and maintain information about all dogs under their possession.
