Amos King Rebecca King

Type: ROUTINE INSPECTION

Date: 22-JAN-2024

3.10(c)

Watering

In five of the dog enclosures, there were plastic water buckets with chew damage and discoloration on the top rim. Water buckets that have chew damage make it difficult to properly clean and sanitize the receptacle which can expose the dogs to potential disease hazards.

Water receptacles must be kept clean and sanitized in accordance with Sec. 3.11(b) of this subpart.

Correct by : 02/22/2024.

This inspection and exit interview were conducted with the licensee.
