Records: Dealers and exhibitors.

The official USDA identification (tag, tattoo, or microchip) number was not recorded for puppies and adult dogs on APHIS forms 7005 and 7006. Dogs and puppies are currently being identified by name on the APHIS forms. Without an official USDA identification number, it is difficult to keep track of litters, dogs and puppies on premises, and animals sold. An official USDA identification number needs to be recorded for puppies and dogs on APHIS forms 7005 and 7006 to help keep track of animals. Correct by June 22, 2023.

This inspection and exit interview were conducted with the licensee.
