3.8

Exercise for dogs.

The facility has an exercise program and adequate space for dogs; however the previously approved plan has not been approved by the new Attending Veterinarian (AV). An exercise plan approved by the AV helps ensure that dogs are provided with adequate space and exercise opportunities. Ensure that the written Exercise Plan for dogs is approved by the AV.

***Correct by 4/11/2024.

3.13(a)(3)

Veterinary care for dogs.

The facility has not had the attending veterinarian (AV) take adult dog fecal samples (for parasite screening) as required. Sampling for parasites with fecal samples at the schedule indicated by the AV helps determine if the current de-worming program is working. Ensure to work with the attending veterinarian at getting dogs sampled and keep test results as required.

***Correct by 4/11/2024.

This inspection and exit interview were conducted with the licensee.
