Type: RE-LICENSE INSPECTION
Date: 15-JUN-2023

3.13(b)(4)

Veterinary care for dogs.

The licensee was unable to provide the medical examination records and results when the attending veterinarian performed physical examinations on all of the animals in July 2022. Failure to document examinations and the results may interfere with the ability of APHIS officials to determine if the animals are receiving adequate veterinary care. Medical records must be maintained and include the dates and findings/results of all screening, routine, or other required or recommended test or examination. Correct by documenting the results of all examinations and ensure that medical records are complete and contain the required information.

This is a 1st Re-License Inspection for a Class "A" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by August 14, 2023 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
