Type: ROUTINE INSPECTION
Date: 26-APR-2022

3.13(b)(3)

Veterinary care for dogs.

There were no dates for the administration of distemper and parvovirus vaccines for the adult dogs. Failure to keep records on the dates and administration of vaccines to adult dogs makes it difficult to determine when vaccines and treatments were last given. Licensee must keep and maintain records of the names and dates of all vaccines and treatments given to adult dogs. Correct by May 26, 2022.

This inspection and exit interview were conducted with the facility representative.
