3.4(b)

Outdoor housing facilities.

There are 3 outdoor enclosures that do not have sufficient shelter space for the enclosed dogs. There are 3 dogs in each of these enclosures but the shelter is large enough for only 2 dogs. Shelter is important for protection from the weather elements. The licensee must provide and maintain one or more shelter structures that are accessible to each animal in each outdoor facility, and that are large enough to allow each animal in the shelter structure to sit, stand, and lie in a normal manner, and to turn about freely.

To be corrected by 27 July 2023

This inspection and exit interview were conducted with a facility representative.
