SYCAMORE RISE PUPPIES

Type: RE-LICENSE INSPECTION

Date: 26-JUL-2023

---

### 3.13(b)(3)

#### Veterinary care for dogs.

The facility did not have the names of vaccines and the dates of administration recorded for parvovirus and distemper vaccinations that were administered to 7 adult dogs. Failure to record the names and dates for all treatments administered does not allow for APHIS officials to determine if adequate veterinary care has been provided for animals covered under the Animal Welfare Act. Additionally, Complete medical records ensure that all personnel at the facility are clear on the plan for treatment and enables the licensee to evaluate effectiveness of the plan and ensure that the condition is corrected. The licensee must ensure that the names of all vaccines and treatments administered, and the dates of administration are recorded and maintained.

This is a 1st Re-License Inspection for a Class "A" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by 24-September-2023 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
