Records: Dealers and exhibitors.

The applicant has not completed the Animals on Hand record (APHIS Form 7005).

Each dealer shall make, keep, and maintain records or forms which fully and correctly disclose the following information concerning each dog purchased or otherwise acquired, owned, held, or otherwise in his or her possession or under his or her control, or which is transported, euthanized, sold, or otherwise disposed of by that dealer or exhibitor. The records shall include any offspring born of any animal while in his or her possession or under his or her control.

Animals on Hand records must be completed and maintained to include all animals acquired and all animal disposition dates. Records must be kept so that animals can be traced and tracked in the event of disease outbreak, and to ensure all parties are licensed, if a license is required.

Inspection Report

The facility does not have a documented plan that provides for the handling, housing, care and transportation for their animals in the event of an emergency. Per this regulation, a developed and documented plan must identify the situations that would require use of the plan, be reviewed annually, and be made available for APHIS upon request.
