1135 PRIMROSE RD
FARMINGTON, IA 52626

Customer ID: **502229**
Certificate: **42-A-1581**
Site: 001
HEATHER ANDERSON

Type: RE-LICENSE INSPECTION
Date: 13-JUL-2022

3.6(a)(2)(ii)

Primary enclosures.

The fronts of the dog enclosures are constructed with an opening that a self-feeder normally occupies. In one enclosure, containing three adult bichons, the feeder has been removed and the dogs were observed sticking their heads through the opening. Openings in the enclosure that are large enough to allow a dog to place its head through could result in injury to the animal.

Primary enclosures must be constructed and maintained so that they protect the dogs from injury. The facility must alter the openings in a manner that eliminates the risk of injury to the dogs. The facility must ensure the enclosures are safe for the dogs at all times.

This is a 1st Re-License Inspection for a Class "A" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspection(s) or by 11-September-2022 or the Applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Relicense Inspection.
