3.1(b)

Housing facilities, general.

- At the front of the store between the counter and the shelving unit is the access way to a puppy display. This area is accumulating clutter consisting of but not limited to equipment, furniture, and other stored materials.
- This clutter is hampering the ability to properly clean and sanitize this area. Clutter also attracts unwanted pests. A method of permanently removing and organizing this area must be implemented, and steps taken to ensure this noncompliant does not repeat.
- To be corrected from this day forward.

3.1(e)

Housing facilities, general.

- At the front of the store, next to the blue dog display is an open bag of dog food. In the second access closet between the multi dog displays is an open bag of dog food.
- All open supplies of food must be kept in leakproof container with tight-fitting lids to prevent spoilage, contamination, vermin infestation, and deterioration of nutritive value. When opening a bag of dog food, place the open food in a container with a tight-fitting lid and close the lid after each use.
- To be corrected from this day forward.
