Type: ROUTINE INSPECTION
Date: 12-JAN-2022

3.1(a)

Housing facilities, general.

When walking back toward the kennel from the driveway a male dog named Chief, with id 34-A-0226-1, was loose. The licensee stated that the dog had climbed out of the exercise yard.

Housing facilities for dogs must be designed and constructed so that they are structurally sound. They must be kept in good repair, and they must protect the animals from injury, contain the animals securely, and restrict other animals from entering.

Ensure that the exercise pen is constructed to prevent dogs from jumping or climbing out to prevent injury or death to the dogs.

To be corrected by January 17, 2022

3.13

Veterinary care for dogs.

The program of veterinary care does not include the name of the vaccines given, a schedule for heartworm testing, and checking the dogs skin and coat, and teeth. There are no individual medical records being kept and maintained on the

Inspection Report

adult dogs.

The written program of veterinary care must address the requirements for adequate veterinary care for every dealer in § 2.40 of this subchapter and 3.13. Dealer must keep copies of medical records for dogs and make the records available for APHIS inspection

A schedule to check teeth and skin and coat must be added, and approved by the attending veterinarian, to the program of veterinary care. The vaccine name must be added to the program of veterinary care and approved by the veterinarian. A schedule for testing for heartworm must be on the program of veterinary care and approved by the attending veterinarian. Medical records must be kept on all dogs.

To be corrected by January 17, 2022

This inspection and exit interview were conducted with the licensee.
