LINDA THOMPSON  
1831 ELON DRIVE  
WATERVILLE, IA 52170

Customer ID: **5821**  
Certificate: **42-A-0647**  
Site: 001  
LINDA THOMPSON

Type: ROUTINE INSPECTION  
Date: 16-JUN-2022

---

### 3.13(a)(3)

#### Veterinary care for dogs.

The facility is not following their parasite prevention program on the Program of Veterinary Care. The prevention program states Heartgard will be given to adult dogs, who are not pregnant or nursing, every other month. The 3 dogs (Rico, Ruby and Cooper) that were supposed to receive their Heartgard in May have not received them as of today's inspection.

Not following the parasite prevention program puts the dog's at risk for contracting parasites and does not ensure the dogs are receiving adequate veterinary care. Treatment of parasites and other pests (including fleas, worms, coccidia, giardia, and heartworm) must be in accordance with a schedule approved by the attending veterinarian. The facility must give Heartgard to the dogs that are not pregnant or nursing per the Program of Veterinary Care and follow the parasite control program from this day forward.

To be corrected by: 18-June-2022.

This inspection and exit interview were conducted with a facility representative.
