2.75(a)(1)

Records: Dealers and exhibitors.

The licensee is not maintaining complete records identifying the disposition of animals (form 7006). The records do not include the name and address of the person to whom a dog was sold, vehicle license number and State, and the driver's license number (or photographic identification card for non-drivers issued by a State) and State of the person, if he or she is not licensed or registered under the Act. Failure to include all the required disposition information may not allow APHIS officials to properly track the movement and care of animals covered by the Animal Welfare Act.

Each dealer shall make, keep, and maintain records or forms which fully and correctly disclose the information concerning each dog purchased or otherwise acquired, owned, held, or otherwise in his or her possession or under his or her control, or which is transported, euthanized, sold, or otherwise disposed of by that dealer. The licensee must ensure that records are complete and correctly disclose the required information. Correct by October 18,2023.

This inspection and exit interview were conducted with the licensee.
